Visit [MaricopaProspector](#) today to instantly identify available properties for your business, with size, use, cost, and contact information. Sites are displayed along with demographic reports such as labor force, education levels, and consumer spending which can be exported in a convenient format. In addition, businesses are mapped by industry showing their distribution and concentrations throughout the area. Dynamic mapping capabilities include the ability to zoom in/out, move the map, identify information and view geographic "layers" of additional information such as incentive areas, zoning, traffic counts, railroads, schools and general plan land use.

If you have available commercial properties you would like to list, just request a login free of charge in order to add it to the database, making it available for viewing by all site selectors and prospective businesses interested in a Maricopa location.

Note: For zoning information or clarification, contact the City of Maricopa, Development Services Department at 520/316-6980.
